Washington State Certified Backflow Assembly Testers

The following list sets forth Backflow Assembly testers certified by the State of Washington Department of Health that are working in this region and are provided to the City of Wenatchee by the Department of Health. The customer is responsible for the investigation of the qualifications of the individual backflow assembly testers listed and for entering into any testing and inspection agreement in order to comply with the City of Wenatchee's cross connection control program.

The City of Wenatchee takes no position concerning recommendation or endorsement of those listed
